Woonsocket, R.I.**

Summer Reading Assignment: Grade 6-8

During the summer, incoming sixth through eighth grade students are required to read an appropriate grade level book of their choice and complete the following assignment:

- Create a visual representation of one of the important scenes of the book. Examples of this can include a poster, diorama, cartoon strip or Google slides presentation.
- Include important characters, setting (where and when), and plot in your scene. •

Include the title and author of the book someplace on the presentation.

- There will be a brief oral presentation of your visual work explaining the conflict(s) (problem in the story) and answering questions about the characters, setting, and basic plot. This will take place during the first month of school.
- Students will be graded on both the visual and oral presentation.
